

THE SOCKET SOURCE INC

Your Source for Quality Socket Screw Products

Since 1987, The Socket Source, Inc. has supplied quality socket screw products to the fastener industry. Proven to be the expert in socket screw products, there is no other company that provides such a wide range of socket product sizes, materials and coatings to the fastener industry. Our manufacturing capabilities allow us to produce specials and non-standard sizes to meet all of your fastener needs.

Alloy Steel, Hexagon

Our inventory includes all diameters and lengths, standard and non-standard sizes, available in standard package and bulk quantities. Socket Head Cap Screws, Socket Flat and Button Head Cap Screws and Socket Set Screws, in all points are available from stock.

Zinc Plated, Alloy Steel

The Socket Source, Inc. carries a complete inventory of Zinc Plated Socket Head Cap Screws, Flat Head Cap Screws, Button Head Cap Screws and Socket Set Screws. Our Zinc Plating meets all RoHS standards and are free of contaminants.

18-8 Stainless Steel

Non-corrosive stainless steel Hex Socket Head Cap Screws, Flat Head Cap Screws, Button Head Cap Screws and Socket Set Screws are all available from stock in package and bulk quantities. We carry the most extensive inventory on non-standard and special sizes in 18-8 Stainless Steel.

Type 316 Stainless

The Socket Source, Inc. carries diameters 2-56 through 3/4-10 Socket Head Cap Screws, all available from stock. Type 316 Stainless Steel has significantly improved corrosion resistance and tensile strength properties over most other corrosion resistant materials.

Precision Ground Dowel Pins

Our Precision Ground Dowel Pins are manufactured from high quality Alloy and Stainless Steel. They meet or exceed all required specifications as set forth by The Industrial Fastener Institute. Available in a standard package or bulk quantities.

Hex Keys Short & Long

Short and Long Arm Series Hex Wrenches are available in both SAE and Metric Sizes in packaged and bulk quantities. All sizes of Hex Wrenches in Short and Long Series .028" – 1.5" & 1.25MM – 36MM are available. Our large full line inventory usually allow for shipments from stock.

Drilled Head Military and National Aerospace Standards

The Socket Source, Inc. now offers manufactured Drilled Hexagon Socket Head Cap Screws to specifications having 2 or 6 holes drilled for safety lock wire applications. Domestic MS and NAS Socket Products are drilled in house for quick deliveries. All MS and NAS certification available by request.

Self Locking

The Socket Source, Inc. stocks all Socket Head Cap Screws, Button and Flat Head Cap Screws and Socket Set Screws in Alloy Steel and 18-8 Stainless with the Self Locking Nylon Patch.

Vented Fasteners

Vented fasteners have become an essential component in the electronics industry. We stock a complete line of vented fasteners including Hexagon Socket Products, plus Phillips and Slotted drive machine screws. Every vented fastener we stock has been chemically cleaned to assure high quality and the absence of all chips, particles and oils.
